### Dr. Michael Chang, MD

Michael S. Chang, MD, is a board-certified orthopedic spine surgeon specializing in adult and pediatric spinal deformity and complex spine surgery. A graduate of Harvard University and Harvard Medical School, Dr. Chang completed his spinal deformity fellowship at Washington University in St. Louis. With a passion for changing people's lives, Dr. Chang has both advanced spinal research through numerous peer-reviewed studies and won awards for exceptional patient care. Dr. Chang also dedicates his time to medical missions abroad by teaching and providing surgical care to children and adults with severe spinal disorders to help them achieve a pain-free and active lifestyle.
