Welcome to Sonoran Spine. We want to make you aware of our policy regarding health insurance.

It is the responsibility of our insured patients to be aware of their health insurance benefits and restrictions prior to visiting our facility. This would include copayments, deductibles, coinsurance, authorization/referral requirements, policy exclusions, and pre-existing condition restrictions.

As a courtesy to our patients, our office will verify your eligibility prior to your visit. Please be aware that the insurance always has a disclaimer stating that “this does not guarantee payment for services – the claim will be subject to policy benefits and restriction once the claim is received”. Therefore there is no way we can be 100% certain they will pay part or all of your claim.

If your visit requires pre-certification or a referral, it is the patient's responsibility to obtain this from the primary care physician or insurance company directly.

If our patients require surgery, we will do our best to make sure we use a contracted facility and that precertification is obtained if necessary. If you have not met your deductible or your out of pocket maximum benefit, a deposit may be required prior to your surgery. If so we will discuss this prior to your surgery to avoid cancellations.

Please know that we do our best to provide you with the most accurate information available to us but it is ultimately the patient's responsibility for any charges incurred. If you disagree with the way the insurance has processed your claim, please contact your insurance company.

I understand that I am responsible for any charges incurred that are not covered by my insurance carrier.
